

HOME & DECO

En esta sección encontrarás los géneros de algodón y lino que puedes usar para tu casa: tapiz, cortinas, ropa de cama, mantelería, cojines, bolsos, etc.

Debes calcular un 10% más de la medida que necesites porque al ser fibras naturales (algodón y lino) **encogen**. Por lo que antes de confeccionar, se debe lavar la tela con agua fría y detergente suave.

Telas de 1,40 de ancho.

LT BL

VELVET

\$15.990 y tiene 1.40 de ancho. Los Velvet- también se les dice Felpas o Telas Terciopelo- son muy prácticas para la casa, al ser fibras sintéticas es súper fácil de limpiarlas. Su característica que más nos gusta es que al tener el pelo alto no tienen un color uniforme y la hace resaltar aún más. Se pueden usar para tapizar, cojines, fundas, etc!!

VELVET

TERRAZA

Telas con filtro Uv de hasta 1.000 horas de luz solar directa. el poliéster 100% hilado se trata con DWR, por lo que es resistente al agua, moho y suciedad.

Ideal para terrazas; cojines, individuales manteles al aire libre, etc.

Te aconsejamos pasarle un paño para limpiarlas. Mientras más lo laves en la lavadora, más se le sale el químico que lo hace resistente al agua.

Telas de 1.40 de ancho.
